CALL FOR PAPER

9th INTER UNIVERSITY ENGINEERING, SCIENCE & TECHNOLOGY ACADEMIC MEET – 2018 & INNOVATIVE MODEL COMPETITION FOR A SUSTAINABLE SOCIETY

at

**The Government College of Engineering & Textile Technology
12, William Carey Sarani, Maniktala, Serampore - 712201**

on **25th March 2018**

Forum of Scientists, Engineers & Technologists (FOSET) is a national level voluntary organisation of professionals engaged in social development work through application of cost-effective technologies. FOSET with its dedicated group of 2000 odd scientists and engineers works in tandem with Govt. Departments and agencies like Dept. of Science, Technology & NES – Govt. of W.B., Ministry of Non-conventional Energy Sources – Govt. of India, Dept. of Panchayat & Rural Development, Dept. of Technical Education and Training – Govt. of West Bengal. Dept. of Municipal Affairs & Urban Development – Govt. of W.B., Dept. of Power – Govt. of W.B., WBREDA, Govt. of West Bengal, HUDCO, CAPART, Department of Animal Resources – Govt. of West Bengal and several Zilla Parishads and Panchayats.

Being a voluntary organisation FOSET wants to extend its thinking of “Self Reliance in Science and Technology” among the ‘would be professionals’ so that they can come forward, in future, to help the society with the acquired knowledge.

To explore the possibilities of better utilization of the knowledge acquired by the students at under-graduate level for social development we organise this Academic Meet for Engineering and Technology Institutes. The students who have some positive thinking of transferring their theoretical knowledge to practical field are invited to come forward and present their papers in front of eminent personalities so that those are duly recognized and somebody either at Govt. or Non-govt. level can utilize their expertise in future.

The brochure of the Academic Meet 2018 is enclosed. We would request you to kindly advise the students of your institute / departments to come forward and present paper in this meet. You may also kindly forward the brochure to your friends and colleagues for their kind perusal and necessary dissemination among their students.

Thanking you,

Yours sincerely,

(ASHIK PAUL)

GENERAL SECRETARY, FOSET AND

Vice Chairman, Organising Committee

9th All India Inter Engineering College Academic Meet
