

The StartUp Club

By MCKVIE

We are a bunch of engineering students from MCKV Institute of Engineering (Howrah, West Bengal, India), trying to make dents in the universe and create a safe space and rich culture for fellow aspiring entrepreneurs! We have dared to dream big! We actively organize exciting and engaging entrepreneurial activities such as seminars, webinars, competitions involving **TEDx speakers, Industry stalwarts** from Tech, Financial and other trending industries! With a member strength of **350+ members** we believe in exploring an ocean of opportunities and optimize them.

>> OUR EVENTS

The StartUp Club by MCKVIE regularly operates out of the mythical garage and comes up with exciting events for aspiring entrepreneurs. We started off with **Memepreneurship**, a meme-making competition. Movie Screening & Quiz Night, a special movie screening on YouTube Live and Post-movie late night quiz, an evening with Fashionpreneurs, to gain valuable insights on rising slope of entrepreneurship across fashion industry. Treasure Hunt, to make your Quarantine Sunday a Funday, Pivot 1.0 to give an exposure to the problems faced in real world companies and nurturing their solutions. The weekly Brainstorming Events enables to trigger a “storm of ideas” and the aspiring entrepreneurs simply express their ideas out loud and many more.

PRESENTS WEEKLY
BRAINSTORMING
SESSION

>> OUR CODING COMMUNITY

With an endeavor to encourage professional development, under the umbrella of The StartUp Club by MCKVIE, in April 2021 we aspired to build a coding community, The Coders Club by **The StartUp Club (TSC)**. Considering the massive shift of attention to online technological solutions due to the pandemic, we believe the coding community will help the budding entrepreneurs to make an independent tech-mark.

The Coders Club by TSC currently focuses on the five domains :

- Web Development
- App Development
- UI/UX Design
- Competitive Coding
- Cyber Security

The Coders Club

The Coders Club
by The StartUp Club

an initiative by
The Startup Club

Join our community and give yourself the support of skilled mentors and skill development activities .

Weather you be a skilled developer , coding enthusiast or just starting to code 'Hello World!' . We have something for everyone.
