No. MCKVIE/PO/26-27/31

7th September, 2026

Office Order

Subject: Induction of New members in AICTE Research and Development Cell (RDC)

Dear all Stakeholders,

This is to inform all concerned that MCKV Institute of Engineering has inducted new members into the Research and Development Cell (RDC) as part of its ongoing efforts to strengthen the institutional research and innovation ecosystem as per the **AICTE APH Clause 6.53 - Other Essential Requirements of a Technical Institution, December 2025**, to further strengthen its commitment to academic, research and innovation excellence.

The objectives include:

- Enhance research policies to facilitate recruitment of research personnel, procurement of equipment and financial management, while ensuring autonomy for Principal Investigators and dissemination of research outcomes.
- Establish a dedicated entity to support researchers and innovators, foster collaboration with industry, research organizations and academic institutions, and liaise with research funding agencies.
- Coordinate with University-Industry Linkage, Incubation, Innovation, Entrepreneurship Development and IPR units.
- Develop an institutional research information system using ICT for sharing ongoing/completed research projects, expertise and resources.
- Create a database of in-house experts for industrial consultancy.
- Engage retired faculty/scientists for research capacity building and researcher mobility.
- Serve as a central hub for ideation and conceptualization of research topics through workshops and training programmes.
- Ensure ethical practices in research activities, including clearance from bioethical committees when necessary.

Research and Development Cell

Chairman:

Prof. (Dr.) Abhijit Lahiri, Principal

Director:

Prof. (Dr.) Prasenjit Chatterjee, Dean - Research and Consultancy

Coordinator:

Dr. Deep Suman Dev, Assoc. Prof., Department of Computer Science and Engineering

Contd.....P/2

Members:

1. Dr. Joydeep Banerjee, Asst. Prof., Department of Electronics and Communication Engineering
2. Dr. Sumana Kundu, Assoc. Prof., Department of Computer Science and Engineering
3. Mr. Milan Chakraborty, Asst. Prof., Department of Basic Science and Humanities
4. Mr. Tapas Kumar Biswas, Asst. Prof., Department of Automobile Engineering
5. Dr. Tanmoy Majumder, Asst. Prof., Department of Management Science
6. Dr. Tanushyam Chattopadhyay, Chief AI Officer, Adventz Industries
7. Mr. Sayantan Mukherjee, Chief Innovation Architect, The Innovators' Garage

Meeting frequency: Quarterly

Role of the RDC

The committee is responsible for:

- Managing and disseminating institutional research information through structured systems and processes.
- Overseeing the maintenance and effective functioning of the institutional repository.
- Ensuring proper archiving, accessibility and long-term preservation of scholarly and research outputs.
- Monitoring compliance with national and international research quality, ethics and integrity standards.
- Providing guidance and mentorship in entrepreneurship, innovation and intellectual property development.
- Supervising pre-incubation and early-stage incubation activities.
- Supporting the transformation of research ideas into viable technologies, products and start-ups.
